Making a JS Meetup Blow Minds

Allen Pike, Steam Clock Software

Me

- JavaScript @ Apple and Steam Clock
- Founded VanJS in 2009
- One of the largest in the world

Getting Started

- Find a vacuum
- Ask who's intererested
- Meetup.com could be worse

Two Speakers

- Strikes a balance
- Hedges your bets
- The "other" talk

Format

- <= 45 minutes each
- Maximum learning time
- Less work for you and attendees

Beer

- Reserve space
- Walking distance
- Meet people

When

- Monday-Thursday
- Fun people are often busy Friday
- Beerspace is much easier to find

Speakers

- You + Friends
- Attendees
- Conference goers

Topics

- Push boundaries, blow minds
- Dig deep, avoid surveys
- Create a filter

Partners

- Hiring JS engineers
- Making money with JS
- Fuel for every aspect

Space

- Coworking spaces and accelerators
- Partner companies
- Take photos

Reward

- A custom group
- Upgrade your knowledge
- Beer

Thanks
